Every Student's Success Matters

Arkansas students face ongoing challenges in academic recovery, particularly in reading and math. BookNook's **structured, small-group tutoring model** ensures students receive targeted, research-based support in a **flexible, scalable, and effective** format. By continuing to expand access to high-impact tutoring, we can help **close achievement gaps and build student confidence** in key academic areas.

MEET JANELLE!

Janelle began the program working on 1st-grade mid-year content and, in just 5 months, accelerated to 2nd-grade mid-year content—a full year's progress! **By improving 3 BookNook Lesson Bands, she moved from remedial to grade-level reading.**

Janelle is just one of thousands of Arkansas students making real academic gains with BookNook, and we couldn't be more proud of her!
